The graph shows the function $y = 0.0002x^2 + 0.001x + 0.0001$. The x-axis is labeled from 0 to 220 in increments of 20. The y-axis is labeled from 0 to 50 in increments of 50. A horizontal line is drawn at $y = 20$. The intersection points of the curve and the line are marked at $x = 86$ and $x = 100$. A bracket between these points is labeled "86 ~ 100 sec".
